

- TERRACOTTA
- QUARRY TILES
- STONE
- AND AGGLOMERATES
- CONCRETE

WHAT IT'S FOR

- Removes greasy and oily stains from terracotta, quarry tiles, natural stone, granite, agglomerates, tumbled marble, stones or cobblestones, cement.

ADVANTAGES

- Extremely practical with its easy-to-use spray.
- Very effective on external terracotta which is untreated or treated with non-filming products.
- Leaves no traces if the stain is fresh.
- Also perfect on quarry tiles and natural stone.
- Cleans where normal sprays do not reach.
- Guarantees excellent performance even on untreated surfaces.

HOW TO USE IT

No dilution required: ready to use.

Application:

1. Spray from a distance of 15 cm holding the can at an angle of about 45°.
2. Leave to dry for a few minutes. It absorbs grease deposits and then dries, leaving a thin layer of white powder on the floor.
3. Remove using a brush.
4. Wipe over with a damp cloth.

If traces remain, repeat the operation.

Caution:

When used on wax-treated floors, you need to remove the wax from the whole tile after removing the stain and then restore the wax coating.

Packaging

250 ml cans in boxes of 12.

WARNINGS

- Keep out of reach of children.
- Do not disperse into the environment after use.

TEMPERATURES

Storage temperature: from 0° to 30°C
The product should be applied to materials with temperature between 5° and 30° C.

CONTAINS

30% hydrocarbon, Perfume, linalool.
Propellant: Butane, Propane, Isobutane.

LABELLING

Signal words: Danger

Extremely flammable aerosol. May be fatal if swallowed and enters airways. Causes skin irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects.

Wash hands thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.
IF SWALLOWED: Immediately call a POISON CENTER or doctor / physician. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
Contains: EPTANO MISCELA - IDROCARBURI ALIFATICI
Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on bright flame or any incandescent material.
Keep out of the reach of the children.
Keep away from heat/sparks/open flames/hot surfaces.
No smoking.

TECHNICAL FEATURES

Appearance: aerosol
Odour: characteristic
Boiling point: less than 35°
